

The Hackers Conference 94.9997

Arthur Abraham

F: (510)339-6152
A-Squared Systems
6575 Oakwood Drive
Oakland, CA 94611

W: (510)339-1748

In past lives: Unix guru, 1st 3D animated adventure game, compilers, video hardware, virtual VR, mycelctric interfaces, cryptography, internet commerce. Current life: post-tech sculpture.

Roe R. Adams, III KTJ

F: +81-3-3708-4549
hawkwind@shrine.cyber.ad.jp CIS:
73367,414
15-8-302 Yoga 3-Chome
Setagaya-ku
Tokyo 158 JAPAN
(Company:)

H: +81-3-3708-4549

Wizardry IV - designer; Ultima IV - co-design; Bard's Tale I - initial design; journalist for the past 15 years in computer field; author of 3 books. New game "Tokyo Dungeon" coming out next month.

Mike Albaugh

albaugh@agames.com
14260 Lutheria Way
Saratoga, CA 95070
(Company: Atari Games)

W: (415)434-1709

I've been fooling around with electricity since the 50's, computers since 1966, and video games since 1976. I have helped design 4, 16, and 32 bit processors and delight in fast, cheap stuff.

Allan Alcorn

aea@wiretap.spies.com
Silicon Gaming
14481 Big Basin Way #E
Saratoga, CA 95070

W: (408)741-2353

Co-founded Atari, designed Pong, ex fellow at Apple. I am interested in high performance graphics systems.

Dennis R. Allison

F: (415)725-7398
Consultant (Stanford University)
514 Bryant
Palo Alto, CA 94301

W: (415)723-5213

Consultant, Stanford lecturer, computer architect - systems designer, founded People's Computer Company with Bob Albrecht.

Paul E. Baclace

peb@netcom.com peb@eng.sun.com
baclace@acm.org
(Company: Sun Microsystems / Sunsoft)

W: (415)786-9278

I wrote my first program about 20 years ago. Long term interests: evolutionary algorithms, social information filtering, evocative art. Recent: Genetic Sparc programming, use of voice recognition and Java.

Phillip Balma

pbalma@netcom.com JVTK35A@prodigy.com
27436 Vista Del Toro Pl.
Salinas, CA 93908-8914

The Hackers Conference 94.9997

Doug Barnes
F: (415)915-5650
cman@communities.com
Electric Communities
280 Second St.
Los Altos, CA 94022

H: (415)967-0984 W: (415)917-5644

Doing secure, distributed Habitat-like things with real economies. Working with Java, crypto, undersea fiber, double-blind publishing, data havens, anon payments, jurisdictional arbitrage. I write about crime and punishment in cyberspace.

Arturo Bejar
F: (415)917-5650
arturo@communities.com
Electric Communities
280 Second St.
Los Altos, CA 94022

H: (415)940-1877

Well, I like games, distributed systems, group theory, gadgets, and all platforms. An ex-IBMer & ex-Kaleidan.

David W. Berry
dwb@best.com
Greenwing Enterprises
15205 Horborne Ln
Pflugerville, TX 78660

W: (512)990-8885

Multi-user virtual realities, Macintosh system software, innovative user interfaces.

Ken Biba
F: (415)664-2474
kenbiba@netcom.com
PO Box 591453
San Francisco, CA 94159-1453

W: (415)665-1812

Bio: BS Physics, MS Comp Sci; Founder SVP-Sytek; Founder / president Agilis; EVP Xircom. Interests: Secure OS networking; LANs; wireless; portable / mobile; nomadic applications / protocols.

Robert Bickford
rab@well.com
43 Mohawk Ave.
Corte Madera, CA 94925
(Company: Autodesk Inc.)

H: (415)927-4814 W: (415)507-8519

Libertarian, hardware and software hacker, cryptography, info highway pioneer and visionary, want to ensure that large institutions don't pave over cyberspace, wrote most popular definition of "hacker" in 1986.

Nancy Blachman
F: (510)652-8461
nb@cs.stanford.edu
6537 Chabot Road
Oakland, CA 94618-1618
(Company: Variable Symbols Inc.)

H: (510)652-8515 W: (510)652-8462

I make mathematical software (computer algebra systems) easier to use.

Matt Blaze
mab@research.att.com
AT&T Bell Labs
600 Mountain Ave Rm 2A-360C
Murray Hill, NJ 07974

W: (908)582-5524

I hack on large scale secure computer and communications systems.

The Hackers Conference 94.9997

Gilles Boccon-Gibod
F: (415)336-4242
gilles@eng.sun.com
Thomson Sun Interactive
2550 Garcia Ave MTV10-138
Mountain View, CA 94043

H: (415)731-7031 W: (415)336-1503
Techno-addict.

Russell Brand
F: (415)366-7872
brand@responsible.com
Responsible Solutions Ltd.
1581 James Ave.
Redwood City, CA 94062

W: (415)365-7471
Performance tuning. Security. Teaching
the value of arithmetic to help people
avoid wasting millions. Cooperation based
teaching games.

Stewart Brand
F: (415)331-6123
sbb@well.com
Global Business Networks
27B Gate 5 Road
Sausalito, CA 94965

Co-founded Hackers Conference, The
WELL, and Global Business Network.
Founded and ran Whole Earth Catalog
1968-1984. Wrote: The Media Lab, Two
cybernetic Frontiers, and How Buildings
Learn.

Harvie Branscomb
harvie@media.festival.com
Box 28113
El Jebel, CO 81628

W: (700)800-9000
Elegant survivor by means of appropriate
innovation.

William Burke
burke@cats.ucsc.edu
Univ. of Calif Santa Cruz
UCO/Lick Observatory
Santa Cruz, CA 95064

A physicist interested in applications of
differential geometry, scientific
visualization, optics, gravitational
lensing, cosmology, laser speckle, and also
card-house engineering.

Randall Burns
rburns@netcom.com
302 College Ave.
Palo Alto, CA 94306
(Company:)

W: (415)325-7529
I'm working with a startup - Filoli
Information Systems - A startup creating
software for the lucrative insurance
market.

Peter Capek
F: (914)784-6306
capek@watson.ibm.com
210 Illington Road
Ossining, NY 10562
(Company: IBM Research)

H: (914)762-5542 W: (914)784-6721
Programming and hacking operating
systems since '63

The Hackers Conference 94.9997

Everett Carter

F: (408)394-5561
skip@taygeta.com
Taygeta Scientific Inc.
100 Dolores St. # 186
Carmel, CA 93923

W: (408)626-3735

I'm trained as a physical oceanographer and enjoy the range of doing theoretical work and then going to the machine shop to actually build devices to do an experiment. Am an occasional author in Dr. Dobb's, Computer Language, etc.

Mike Cheponis

F: (408)249-7301
mike@wireless.com
California Wireless, Inc.
618 Enos CT
Santa Clara, CA 95051-6207

H: (408)985-2369

W: (408)249-7300

Wireless comm (IR & RF) especially low cost; AI; business models; nanotech; consumer electronics design; comadic computing; 21st century dreaming.

Harry Chesley

chesley@flights.com
172 Clipper
San Francisco, CA 94114
(Company: Macromedia Inc.)

Computer / communications Hacker.

Fred Cisin

cisin@uclink.berkeley.edu
XenoSoft
2210 Sixth St.
Berkeley, CA 94710

H: (510)644-9366

W: (510)436-2663

Wrote XenoCopy. Now doing research in information retrieval.

Steve Cisler

F: (408)725-8502
sac@apple.com
Apple Computer Inc.
4 Infinite Loop MS 304-2A
Cupertino, CA 95014

W: (408)974-3258

I work in Apple Library on research and grant projects to help extend the NII / GII to new areas and populations.

Margot Comstock

F: (415)455-0760
softalker@aol.com & rollo@crl.com
61 Tamalpais Road
Fairfax, CA 94930
(Company: Mc Art Design & Writing)

H: (415)455-0464

Primarily a journalist, who once fell in love with an Apple II, I enjoy painting (the messy way, with oils, pastels & stuff), playing games on & off the computer, reading (mostly mysteries), learning, & hanging out- with neat people & good food.

Coco Conn

F: (213)462-2109
coco@cityspace.org
Digital Circus
2207 Willetta Ave
Hollywood, CA 90068

W: (213)962-1662

Digital Circus Production Lab: a mobile, broadcast quality, digital production studio and set. CitySpace: a virtual city model built collaboratively by kids across the Internet. Chaired: Interactive Communities venue at SIGGRAPH 94 LA.

The Hackers Conference 94.9997

Earl Crabb

F: (510)644-0988
esoft@well.com
P.O. Box 5028
Berkeley, CA 94705-0028

H: (510)849-9735

Econometrics, games, videotex, online systems, financial derivatives.

Pavel Curtis

F: (415)812-4471
pavel@parc.xerox.com
Xerox PARC
3333 Coyote Hill Rd.
Palo Alto, CA 94304

W: (415)812-4455

12 years at PARC hacking language design, implementation and environments. Developed and operate LambdaMOO, one of the largest social MUDs. Co-leader of the Network Places project at PARC.

Hugh Daniel

hugh@toad.com

Working with everything from PETs to SparcStations since '75. I'm thinking of buying my 1st computer to run a free Un*x like system so I won't have any reason to bitch anymore. Just got to fix these things ourselves.

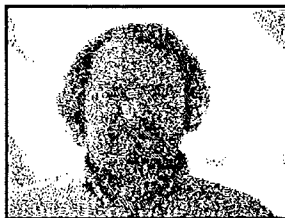

Marc de Groot

marc@immersive.com
Immersive Systems Inc.
4487 23rd St. #2
San Francisco, CA 94114

H: (415)824-9321

W: (415)641-VR4U

I've been programming since age 10. Current interests are networking, 3D graphics and virtual reality.

Brian Dear

birdrock@well.com
Birdrock Media Co.
PO Box 1667
La Jolla, CA 92038

Interested in design, multimedia, Web, online services.

Buddy Diamond

mhaha@ix.netcom.com
QEF Company
400 East Minnehaha Parkway
Minneapolis, MN 55419

W: (612)799-0928

Creator of NFL CHALLENGE simulation and first personal business management software in early 1980's, active participant in Softwars of the early PC era, technology project consultant, applying quantum mechanics to medical diagnostics.

Stephen L. Diamond

F: (415)345-1254
diamond@picosoft.com
Picosoft Inc.
PO Box 5032
San Mateo, CA 94402

W: (415)570-6060

Editor-in-chief of IEEE Micro Magazine, chair of IEEE microprocessor standards committee, standards and strategic technology alliance consultant, former director of standards at Sun, programming since 1965.

The Hackers Conference 94.9997

Paul Doherty

pauld@exploratorium.edu
Exploratorium
3601 Lyon St.
San Francisco, CA 94123

W: (415)561-0313

Physicist MIT (BS '70, PhD '74), Director of the teachers institute at the Exploratorium. Author of the "Science Snackbook" and the "Magnetic Magic Book". Interested in science & learning. Avid technical rock climber.

Kari Dubbelman

F: (408)267-2608
kari@teracons.com
TeraCons
P.O. Box 2125
Cupertino, CA 95015-2125

W: (408)266-8241

Mac programmer for Quarterdeck Inc. Created global chat IRC client for Macintosh. Interests: Koza-style genetic programming, Nanotech, cryonics, and Midi.

F. Randall Farmer

F: (415)917-5850
randy@communities.com
Electric Communities
280 Second St.
Los Altos, CA 94022

W: (415)915-5640

Cyberspace evangelist and implementor; VP Development; World builder; survivor of the Lost Patrol

Lee Felsenstein

F: (415)354-0872
lee@interval.com
Interval Research Corp.
1801 C Page Mill Rd.
Pal Alto, CA 94304

H: (415)324-3872

W: (415)842-6144

Two computers (Sol and Osborne) in the Smithsonian and still not dead. Designed and ran meetings of Homebrew Computer Club (1975-86). Now sort of Chief Inventor for Interval Research Corp.

Jay Fenton

F: (408)266-1581
jayfenton@aol.com
Megalomedia
2556 Marsha Way
San Jose, CA 95125

W: (408)448-2824

game designer, multimedia pioneer, now interested in multi-participant virtual worlds

Robert Fleming

F: (415)662-2056
bob@aetherwire.com
Aether Wire & Location Inc.
5950 Lucas Valley Road
Nicasio, CA 94946

W: (415)662-2055

Classic inventor (designer, implementor, entrepreneur) currently focusing interests in 3D position sensing, full-custom VLSI, Splash Spectrum communication, and large networks of millions of RF-connected sensors.

David Fox

fox@eeggplnt.com
Electric Eggplant Entertainment
11 Indian Rock Rd.
San Anselmo, CA 94960

W: (415)485-0882

Computer game designer at LucasArts 1982-1992 (Rescue on Fractalus, Zak McKracken, Indiana Jones and the Last Crusade). Dsnr on Mirage-Lucas Arts/Hughes LBE/VR proj. Dsnr at Rocket Science Games. Now freelance designer/consultant.

The Hackers Conference 94.9997

John David Galt

john_david_galt@cup.portal.com
701 Welch Rd. #323
Palo Alto, CA 94304-1705
(Company: Infosoft)

H: (510)278-8392

Cryonicist, futurist, libertarian. Interested in ways to make us freer and richer through technology. We need to "save the world" only from bogus science (such as the eco-movement) and socialism.

Bdale Garbee

bdale@gag.com

I graduated CMU, work for Hewlett Packard, and amuse myself with amateur radio, kernel hacking, building satellites, and playing with my 3.5 year old daughter.

Richard Garfield

java@wizards.com
Wizards of the Coast
PO Box 707
Renton, WA 98057-0707

W: (206)226-6500

I created Magic: The Gathering, a best selling game. Since then 3 more designs of mine have been published, with more on the way. I had a PhD in combinatorial math and left teaching to design and study games.

John Gilmore

gnu@toad.com
PO Box 170608
San Francisco, CA 94117
(Company:)

H: (415)221-6524

Hacking free software and crypto policy, preferably together. Learning how to relax. Now single again, and a man without a company.

Chuck Glasser

cg@indirect.com
Cybin Labs
15848 N. 44th St
Phoenix, AZ 85032

W: (602)867-1272

Hardware EE, 1st computer - PDP-12, FPGA enthusiast, expert in the design of electrode systems for cyberspace decks, DSP & Data flow.

Mike Godwin

mnemonic@eff.org
Electronic Frontier Foundation
2163-A North Valley St.
Berkeley, CA 94702

H: (510)548-2976

W: (510)548-3290

Mike Godwin -- lawyer, science fiction fan, journalist, media hacker.

Phil Gossett

F: (415)968-4704
pg@engr.sgi.com
1169 Burgoyne
Mountain View, CA 94043
(Company: Gossett Graphics/SGI)

H: (415)968-4704

W: (415)390-3519

Hacking computer graphics, music and video since the dawn of time.

The Hackers Conference 94.9997

Cordell Green
Kestrel Institute
3260 Hillview
Palo Alto, CA 94304

I am director of Kestrel Institute, we do research on the automated synthesis of software and on the visualization thereof.

Andrew Clifford Greenberg
F: (813)229-4211
werdna@gate.net
Carlton Fields Ward Emmanuel Smith & Cutler
One Harbour Pl.
PO Box 3239
Tampa, FL 33601

H: (813)977-3240

W: (813)223-7000

Computer game designer and intellectual property lawyer. Wrote Wizardry and Star Saga series of computer games. Now hacking US and International intellectual property systems.

Richard Greenblatt
F: (617)547-4495
rg@ai.ai.mit.edu
Omniphone Technology
675 Mass Ave.
Cambridge, MA 02139

W: (617)547-7171

TMRC, MIT AI Lab, Lisp Machine, Computer Chess, telephone voice and data, global address spaces (moby memory), natural languages & reasoning, video & animation, parallel processing.

Roger Gregory
roger@xanadu.com
2040 Columbia
Palo Alto, CA 94306
(Company: Xanadu Project)

H: (415)493-7582

Xanadu - Math - Robots

Claire Griffin
claire@communities.com
40 Carl St. #4
San Francisco, CA 94117

H: (415)665-1720

W: (415)917-5645

Current interests incl interactive networks, wireless communications, cryptography, VR, distributed systems, games, MUDs/MOOs, freedom & privacy.

Andrew H. Gross
F: (619)534-5152
grossa@sdsc.edu
San Diego Supercomputer Center (SDSC)
P.O. Box 85608
San Diego, CA 92186-9784

W: (619)534-5086

I study mathematical models of optical detectors. I dabble in network administration and security at SDSC.

Edward T. Haas
F: (805)JOB-TWAT
steamer@west.net
NMP Products
6882 Trigo Rd.
Goleta, CA 93117

H: (805)968-7534

Machinist, filmmaker & recovering inventor. Syntax-challenged nerd wannabe heavily into steamboats, trebuchets, writing and amateur science. Soon moving to Petaluma, looking for work.

The Hackers Conference 94.9997

Bruce Q Hammond
F: (360)260-8874
bruce_hammond@qm.claris.com
5000 NE 72ND Ave #S-121
Vancouver, WA 98661-3638
(Company: Claris Corporation)

H: (360)260-8874 W: (360)896-7660

I have founded or co-founded 4 companies since high school. I am currently on some sort of psychological vacation by working at Claris (not in startup mode!).

Norman Hardy
norm@netcom.com
143 Ramona Rd.
Portola Valley, CA 94028
(Company: Agorics Inc.)

H: (415)851-2582

Livermore: 50's & 60's physics, OS, early LANs. IBM: Stretch - Harvest - ACS. Tymshare: OS, Tymnet. Agorics: OS, money, languages.

Greg Hardyman
hardyman@netcom.com or
shardyman@mindscape.com
202 South St. #9
Sausalito, CA 94965

H: (415)332-8125

Simulation, graphics, VR, genetic programming, A-Life, real-time systems, networking, games, algorithms, information systems, and about everything else.

Michael Hawley
F: (617)253-3506
mike@media.mit.edu
MIT Media Lab
20 Ames St. E15-493
Cambridge, MA 02139

H: (617)547-2545 W: (617)253-0649

Perennial graduate student, terminal doctoral candidate recently-turned MIT professor (Media Lab and Lab for Computer Science). Hacker of pianos.

Glen B. Haydon
F: (415)747-0760x3
Epsilon Lyra Inc.
Rt 2 box 429/ 19500 Skyline Blvd.
La Honda, CA 94020

H: (415)747-0432 W: (415)747-0760

Physician turned entrepreneur-integrating application requirements in CPU design, software, and user interface.

Jordan Hayes
F: (510)845-4405
jordan@heuristicsrat.com
HRI
1678 Shattuck Ave #310
Berkeley, CA 94709

W: (510)845-5810

Distributed systems, computational finance, "highly leveraged applications"

Robert Hearn
bob_hearn@qm.claris.com
1428 E. 20th St.
Eugene, OR 97403

I am a co-author of ClarisWorks. I am interested in pushing the limits of frame-based integration. Other interests include astronomy, quantum physics, Bach, and juggling. I started programming in 1977 on an Apple II.

The Hackers Conference 94.9997

Dewayne Hendricks
F: (510)770-9854
dewayne@warpspeed.com
Warpspeed Imagineering
43730 Vista Del Mar
Fremont, CA 94539

H: (510)657-5616

W: (510)657-5616

H. Keith Henson
F: (408)972-1259
hkhenson@shell.portal.com
799 Coffey Ct.
San Jose, CA 95123
(Company: Filoli Information Systems)

H: (408)972-1132

W: (415)856-3100

Somehow I got talked into being XOC president last year making progress. For hobbies I read alt.religion.scientology & picket COS. Still interested / active in memetics, cryonics, nanotech. Founder L5 Society.

Bob Hoover
hoover@interval.com
Interval Research
1801 Page Mill Rd. Bldg C
Palo Alto, CA 94304

W: (415)842-6040

Developed computer based music systems since early 70's. Helped develop the Amiga. Developed 1st video / MIDI multimedia system for a pc. Developed 1st consumer priced video production system for PCs. Doing media related research.

Alan Huang
alan@isl.stanford.edu
(Company: Terabit)

I have worked on array processors, VLSI, broadband networking, and optical digital computing. I have been interested in computers since I was a kid. A few years and computers have passed since then.

Gary Hudson
F: (415)593-5575
gchudson@aol.com
Hudson Engineering
P.O. Box 2500
Menlo Park, CA 94025

W: (415)323-3500

Principle interest: spaceship design and access to space. Secondary interests: biotech and anti-aging research, libertarian interests, privacy.

Eric Hughes
F: (510)849-4719
eric@remailer.net
cypherpunk
1819 Woolsey St.
Berkeley, CA 94703

W: (510)849-4729

Cypherpunks co-founder, cryptologist, mathematician, program+proof theorist, legal hacker, payment systems, privacy advocate.

Dan Ingalls
11895 Frond Road
Truckee, CA 96161

H: (916)582-9267

Invented BitBLT and wrote the first implementation in microcode at Xerox; architect of 4 generations of Smalltalk and designed Smalltalk bytecode machines; Invented pop-up menus; designed Fabrik at Apple; likes snowboarding, windsurfing, biking.

The Hackers Conference 94.9997

Jennifer Jacobi
1055 B Joaquin Rd.
Mountain View, CA 94043

Designed / implemented parts of the current Indigo Magic desktop environment on SGI Indy machines. Currently a core engineer on ScriptX - designed / implemented parts of its media classes in 1.0 and current development.

Steve Jasik
macnosy@netcom.com
343 Trenton Way
Menlo Park, CA 94025

W: (415)322-1386

Mary Lou Jepsen
F: (401)863-2024
mlj@cs.brown.edu <http://www.cs.brown.edu>
Brown University
Box D
Providence, RI 02912

H: (401)273-9126

W: (401)863-3939

Done things with holography (eg. very large scale displays, created a holographic video system). Now trying to get my moon-tv project funded. For my PhD I'm creating novel large opto-electronic devices for no glasses 3D-TV & smart windows.

A. David Johnson
F: (510)483-1309
tini1@holonet.net
TiNi Alloy Company
1621 Neptune Dr.
San Leandro, CA 94577

H: (510)357-0771

W: (510)483-9676

I did software for high-energy physics for 20 years, then switched to hardware. I'm interested in computer interfaces for disabled and not-so-disabled, and make micro devices using shape-memory alloys.

David (Talin) Joiner
F: (818)349-5830
talin@dreamersguild.com
The Dreamer's Guild
9810 Owensmouth Ave #1
Chatsworth, CA 91311

W: (818)349-7339

I've done illustration, music, programming and costume design. I'm currently engaged in R&D of the next generation of online, graphical virtual communities.

Stanley Jordan
sjz@silvertone.princeton.edu

Guitarist - have performed & recorded nationally & internationally since early 80's. Have been programming since the early 70's. Fascinated by the marriage of mathematics & intuition. My favorite programming language APL satisfies both.

Ted Kaehler
F: (408)862-6430
ted_kaehler@atg.apple.com
Apple Computer
One Infinite Loop MS 301-3E
Cupertino, CA 95014

W: (408)974-6241

Kids learn better when they drive their own project; teaching adults to program; nanotechnology; worked on Hypercard at Apple; worked on Smalltalk at Xerox.

The Hackers Conference 94.9997

Brewster Kahle
brewster@wais.com
WAIS Inc.
690 Fifth St.
San Francisco, CA 94107

W: (415)356-5410

Worked on designing and implementing connection machines for 10 years. Now working on making electronic publishing common (WAIS).

Michael Kan
1786 Quesada Ave.
San Francisco, CA 94124

optical coating laser components, mechanical systems, some electronics: i.e. f.audio and some digital, some chemical.

Bell Labs
600 Mountain Ave., Rm 2B225
Murray Hill, NJ 07974

H: (908)757-3362

W: (908)582-7711

I'm a computer science researcher at Bell Labs. Other interests include secure systems, cryptography, randomness, and music.

Howard A. Landman
landman@hal.com
<http://www.hal.com/~landman/>
HaL Computer Systems
1315 Dell Ave.
Campbell, CA 95008

H: (408)246-7853

W: (408)379-7000x1342

Design automation for integrated circuits: logic synthesis, silicon compilation. Co-designer of first RISC microprocessor. 3-dan GO player. Aikido. Guitar. Game theory. Nanotechnology.

Peter Langston
F: (206)524-4922
psl@acm.org <http://www.empire.net/~psl/>
MegloMix
7002 23rd Ave. NE
Seattle, WA 98115

W: (206)524-7132

Interests include music (acoustic, electric, electronic, and algorithmic), games, graphics, speech synthesis, fabric output devices, and computers in the arts generally. Been at it since '64 e.g. Bellcore, Lucasfilm, Harvard, and Reed College.

Eric Laursen
elaursen@aol.com elaursen@bix.com
1558 Belleville Way
Sunnyvale, CA 94087
(Company: International Launch Services)

H: (408)730-8734

W: (619)645-6515

Member of founding team of several commercial space transportation and operations companies. Currently chief engineer of Intl Launch Services, marketing launch services on Russian Proton and US Atlas launch vehicles.

The Hackers Conference 94.9997

Roy Leban

F: (408)978-5571
royleban@akimbo.com
2298 Fairglen Dr.
San Jose, CA 95125
(Company: Akimbo Systems)

W: (408)978-5500

Chief technologist of Akimbo Systems, developers of FullWrite 2 and beyond. Interested in building sware that is more powerful, more intuitive and easier to use, all at the same time. Currently working on new technology that will do just that.

David Leibs

leibs@parcplace.com
ParcPlace Systems
999 E. Arques Ave.
Sunnyvale, CA 94086-4593

W: (408)773-7407

I have been working on Smalltalk-80 for the past 11 years. First in Xerox then at ParcPlace. I was the first ParcPlace Smalltalk programmer.

Craig Leres

leres@ee.lbl.gov
Lawrence Berkeley Laboratory
1 Cyclotron Rd. MS 46A-1123
Berkeley, CA 94720

W: (510)486-7576

I'm with the Lawrence Berkeley Laboratory doing networking and os stuff. Recent work includes CSLIP, tcpdump, and multicast applications.

Efrem Lipkin

F: (510)549-0476
efrem@netcom.com
CoDesign
1811 Ward Street
Berkeley, CA 94703

W: (510)845-3170

My energy & mind split strangely: I develop communications & computing technology as tools to enable real democracy and I think about the abstract theory of systems & consciousness - I make my living as a freelance designer of systems.

Mark Lottor

mkl@nw.com
Network Wizards
P.O. Box 343
Menlo Park, CA 94026

W: (415)326-2060

My interests are: microcontrollers (PICs and 8051), mini robots, electronic jewelry, train hopping, satellite netnews, Internet businesses, cellular phones, pocket computing, WWW, computerized hot tubs.

Amory Lovins

F: (970)927-4178
ablovins@rmi.org
Rocky Mountain Institute
1739 Snowmass Creek Rd.
Snowmass, CO 81654-9199

W: (970)927-3851

Recovering physicist, Harvard/Oxford-dropout, 22 books, 300+ papers, MacArthur Fellow, Right Livelihood/Mitchell/Onassis/Nissan Prizes. Industry/govt consultant (35 countries) on advanced resource efficiency/envt/devel't/security links

Eric (Scanner) Luce

scanner@apricot.com
32 Lincoln Ave 1st Floor
Highland Park, NJ 08904-1704

H: (908)247-9173

W: (212)526-8755

My main goal has been the exploration of humanity and the world at large. I seek to work on the tools that will let us build the basis for understanding what is between us, in the world.

The Hackers Conference 94.9997

Dale Luck
F: (408)262-8276
dale.luck@3do.com
GfxBase Inc.
PO Box 360814
Milpitas, CA 95036-0814

H: (408)262-1469

W: (408)261-3485

Fast graphics and tight operating systems ,
most recently at 3DO. Also pool,
motorcycling, camping, and volleyball.

Henry Massalin
qua@microunity.com

W: (408)734-8100

Interests include techniques for heavy-duty
program optimizations (by factors of 10 or
more), real-time systems, operating
systems, math, music, & games. Hobbies
include metalworking, bicycling, &
exchanging fun piggy-back rides.

Michael McClary
F: (415)493-7626
michael@node.com
3140 Waverly
Palo Alto, CA 94306
(Company: McClary Associates)

H: (415)493-7626

Programming for a living for a quarter
century.

Matthew McClure
mmc@well.com
Sybase Inc
1650 65th St.
Emeryville, CA 94608

W: (510)922-3826

Founded the WELL. Worked with
programmers from Shanghai, PRC for 3
years. Presently doing engineering training
for Sybase.

Steve McGeady
F: (503)264-6068
mcg@intel.com
Intel Corp.
2111 NE 25th Ave
Hillsboro, OR 97124

W: (503)264-8777

V6 UNIX hacker graduates from
re-writting tty drivers to hacking large
semiconductor company that can't spell
software; extensive anti-trust training and
a bad attitude help immensely.

Douglas McKenna
F: (303)440-0504
resorcerer@aol.com
Mathemaesthetics Inc.
PO Box 298
Boulder, CO 80306-0298

W: (303)440-0707

Publisher/author of award-winning
Resorcerer(r) for Mac, and FezEdit - Best
Mac Hack of '94. Hobbies: fractal tilings &
piano & word hacking. Composed in C:
editing intfc's, data declrtn langs, fractals,
PS interpreter, music notation, geometric
art.

Chuck McManis
cmcmanis@sun.com
Sun Microsystems
2550 Garcia Ave MS UPAL02-401
Mountain View, CA 94043

W: (415)473-7240

Working on changing the Internet through
secure interactive content in the form of
Java / HotJava/

The Hackers Conference 94.9997

Alan McNeil
mcneila@aol.com
Dragon Software
211 Highland Dr.
Kalispell, MT 59901

W: (406)756-8363

Built Altairs, IMSAIs, SOL20, wrote multiplayer games on PLATO, wrote arcade game BERZERK, Mac game MazeWars+. Worked on Macromind VideoWorks through Director3. Enjoys composing via iconic programming system Kyma.

H: (415)865-0757

This toolsmith wants to bring the artistic sensibilities she has expressed in collage, using real world found objects, into doing net-based digital collage work.

Julia Menapace
juliam@well.com
150 Haight St. #501
San Francisco, CA 94102

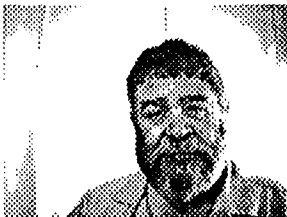

Eric Messick
eric@syzygy.com
15139 Old Ranch Rd
Los Gatos, CA 95030

Generalist, futurist, optimist. I believe in individual freedom and responsibility. I am working to build the future I want to live in.

Tom Meyer
F: (401)863-7657
twm@cs.brown.edu
Brown University
Dept of Computer Science
Box 1910
Providence, RI 02912

W: (401)863-7693

Highly interactive 3D graphics, VRML, MOOs, user interfaces, object systems. Also exploring Internet-based storytelling (cinema, performing).

George A Michael
Lawrence Livermore National Lab
L-300
Livermore, CA 94551

Started at LLNL in April, 1953 working with the UNIVAC. My interests grew to four things: physics, graphics, mass storage and real supercomputers.

Peter Midnight
72136.1362@compuserve.com
Metabolic Services Co.
P. O. Box 20264
Oakland, CA 94620

W: (510)483-5395

An early microcomputerist, still concerned about why we only empower users to do what we require them to want. Also a PGP advocate.

Jude Milhon
F: (510)549-0476
stjude@well.com
1811 Ward St
Berkeley, CA 94703-2127

W: (510)849-4723

Jude Milhon AKA StJude was a member of the startup crew at Mondo 2000. Now, along with R.U.Sirius & Bart Nagel, she's writing funny books about tech, eg. Cyberpunk Handbook / Real Cyberpunk Fakebook. A longtime resident inside Unix.

The Hackers Conference 94.9997

Michelle Miller
2112 A McKinley Ave.
Berkeley, CA 94703
(Company: High Tide Software)

H: (510)549-0727

W: (360)260-8874

Founded High Tide Software (Mac telecommunications software). Currently interested in screenbased telephony. I like to make complicated things simple.

Mitra
F: (415)826-4423
mitra@earth.path.net
Mitra Internet Consulting
1056 Noe
San Francisco, CA 94114

W: (415)826-2499

VRMLand network architect, until recently at Worlds Inc, multiuser 3D worlds on the Net.

Chip Morningstar
F: (415)917-5650
chip@communities.com
Electric Communities
280 Second St.
Los Altos, CA 94022

H: (415)856-8706

W: (415)917-5640

Originator of Lucasfilm's Habitat system & its descendents. Architect of American Information Exchange (AMiX). interested in social virtual environments, future network infrastructure, model trains, any really advanced technology you have.

Beth Mynatt
mynatt@parc.xerox.com
Xerox PARC
3333 Coyote Hill Rd.
Palo Alto, CA 94304

W: (415)812-4945

Recently completed PhD at Georgia Tech where I investigated performing automatic transformations of graphical user interfaces into auditory user interfaces. Now working on the design of virtual spaces and peripheral interfaces at PARC.

Ted Nelson
ted@xanadu.net
3020 Bridgeway #295
Sausalito, CA 94965

Background in media and philosophy. Had my own digital convergence in 1960: the future of human civilization would be at the computer screen, all media would fuse in a new interactive omnimedium, showbiz would combine literature and movies.

Erik Neumann
Neumann@kaleida.com
Kaleida Labs Inc.
1055 B Joaquin Rd.
Mountain View, CA 94043

W: (415)335-2049

I like wacky creative art and want to enable people to do it on computers which is why I create multimedia tools like Macromedia Director and now Kaleida's Script X. (Also really like rock climbing)

Chris Neustrup
dsi@netcom.com
Druidical Systems, Inc.
2207 Tice Valley Blvd.
Walnut Creek, CA 94595

W: (510)935-7970

Building educational multimedia titles.

The Hackers Conference 94.9997

Don Norman

F: (408)255-7045

dnorman@apple.com

Apple Computer, Inc

One Infinite Loop

MS 301-4D

Cupertino, CA 95014

W: (408)862-5515

I'm a cognitive scientist at Apple trying to move us to the next generation of computing -- invisible computers. Today's machines emphasize technology. I want to emphasize people.

Richard J. O'Keefe

13045 SE 26th St #B204

Bellevue, WA 98005

Doing interactive cable and multimedia CD-ROM. Have done a lot of business in Japan.

Charles Ocheret

F: (914)722-0249

chuck@nyc.heuristicrat.com

46 Andrea Ln

Scarsdale, NY 10583

W: (914)722-0245

Guitarist since 5 yrs. old. Graphics programmer since 12 yrs. Used to do algorithms for real-time nerve gas detectors. Now build real-time Wall Street trading systems. Xt Intrinsic expert. Often on the wrong side of the hither plane.

Christopher C. Olds

colds@salsa.walldata.com

Wall Data

1011 Western Ave #900

Seattle, WA 98104

W: (206)442-1433

I've gone from games to networking to laplink to salsa. BitBlit in Forth, multitasking name servers on a PC XT, PM on DOS. I think of what I'm doing now as metaprogramming, but I'm still working it out.

David Phillip Oster

oster@netcom.com

I Opener

W: (510)540-8077

Working on a video game based on M. C. Escher for Christmas.

Michael Perry

mperry@well.com

129 Primrose Wy

Palo Alto, CA 94303

H: (415)856-7975

W: (415)917-6986

I'm interested in the simulation, measurement, and control of physical phenomena; in individual freedom, and in building utopia.

Patricia Phelan

F: (415)381-9495

prp@well.com

Direct Medical Knowledge

116 East Blithedale Ave.

Mill Valley, CA 94941

W: (415)381-9400

Starting an online consumer's health and medical service.

The Hackers Conference 94.9997

Tom Pittman

Itty Bitty Computers
P. O. Box 7278
Spreckels, CA 93962

Early implementor of Tiny Basic; holds 3 non-patents for automatic screen savers; current interests in re-compilation for efficient preservation of legacy code

Robert Poor

F: (617)258-7168
r@media.mit.edu
MIT Media Lab
MI E15-495
20 Ames St.
Cambridge, MA 02139-4307

W: (617)253-0804

I presented a talk on audio time dilation at Hackers in 1991. Now I'm an MIT graduate student at the Media Lab. Parents, let this be a warning: this could happen to YOUR child.

Jef Poskanzer

jef@acme.com
1212 Kains
Berkeley, CA 94706

Cryptology, computer-mediated human interaction, industrial archaeology, ultraviolet light, hot springs, beer.

Jerry Pournelle

jerry@bix.com

Senior columnist at Byte.

Jack Powers

F: (408)779-7472
jackp@well.com
PowerComm
305 Vineyard Town Ctr #297
Morgan Hill, CA 95037

W: (408)779-7472

Consultant, author, computernik, convert from IBM mainframes & PCs to Unix & Macintosh. Telecom is my speciality.

Bill Ragsdale

ragsdale@netcom.com
Dorado Systems
PO Box 1500
Woodland, CA 95776-1500

W: (510)783-2000

Bill was the founding president of the Forth Interest Group. Received the first "figgie" award for service to that group. A commodity trader, newsletter editor and statistician.

Alan Rath

F: (510)465-2750
830 East 15th St.
Oakland, CA 94606

W: (510)465-2750

Electronic sculptor. Currently designing robotic sculptures.

The Hackers Conference 94.9997

Vicky Reich

vicky.reich@forsythe.stanford.edu
(Company: Stanford University Libraries)

W: (415)725-1134

Digital libraries, electronic publishing,
on-line copyright issues.

Harry Richardson

har1001@hermes.cam.ac.uk

H: +0171-381-6845

Computer Science undergraduate at
Cambridge University (England) currently
writing audio processing software. I'm also
a spare-time musician and have done
soundtracks for TV.

Gwen Roberts

X0085@applelink.apple.com
Crenshaw High School
5010 11th Ave.
Los Angeles, CA 90043

I'm trying to use technology in a large urban
high school with very little money.

David S. H. Rosenthal

dshr@abitare.org
427 Alma #407
Palo Alto, CA 94301
(Company: NVIDIA Corp)

H: (415)323-5285

W: (408)720-6106

Designer of X & News window systems.
Architect of NV1 single-chip media
accelerator.

Edward Rotberg

gonzo@3do.com gonzilla@aol.com
The 3DO Company
600 Galveston Dr.
Redwood City, CA 94063

W: (415)261-3457

Able to leap small woodpiles in a single
bound, Ed Rotberg can be found raising his
son Gabriel, and occasionally praying in
front of a small, light emitting box
inscribed with a multi-colored fruit. At
other times he designs video games.

Owen Rubin

owenr@aol.com
Pacific Telesis Video Services
2410 San Ramon #100
San Ramon, CA 94593

W: (510)806-5822

One of first game programmers at Atari, 15
years video games, Mac system & OS
designer & developer, now working on
interactive TV. Hobbies: video, home
theater, satellite TV, interactive
multimedia.

Stephen T. Satchell

F: (702)831-2011
70007.3351@compuserve.com
ssatchell@bix.com
Satchell Evaluations
P.O. Box 6900
1017B Tomahawk Trail
Incline Village, NV 89450-6900

W: (702)832-7157

Modem testing, crypto (trying to set crypto
into V.42ter-comments welcome), sound
recording, cheap publishing, quality
assurance, telecommuting enablement.

The Hackers Conference 94.9997

Robert A. Saunders
F: +96-6-1478-5622
1276 Waukazoo Dr.
Holland, MI 49424
(Company: BDM International)

H: (616)399-0736

W: +9661-476-9777X540

Computer operating system hacker since way back when; more recently, into applications (real estate and election mailings), and writing a book.

Steve Saunders
saunders@interval.com
Interval Research Corp.
1801C Page Mill Rd.
Palo Alto, CA 94304

W: (415)842-6134

Tristan Savatier
F: (415)336-4242
tristan@la.tce.com
<http://www.bok.net/~tristan>
Thomson Sun Interactive
2550 Garcia Ave MTV10-138
Mountain View, CA 94043

W: (415)336-1583

Used to love breaking illegally in computer systems. now more interested by state-of-the-art computer wizardry such as digital video compression, virtual reality, languages...

Rob Savoye
rob@cygnus.com
Cygnus Support
P.O.Box 1006
Nederland, CO 80466

W: (303)258-0506

My main interest is getting paid to have fun. Fun is systems architecture, embedded systems, general hacking and lately software testing. I'm also an outdoor sports fanatic.

Jeffrey Schier
3928 Shafter
Oakland, CA 94609

Develop hardware for computer graphics with an emphasis on real time video. Interests extend to collaborative work with artists and the technological arts.

Bruce Schneier
F: (612)823-1590
schneier@counterpane.com
Counterpane Systems
101 E. Minnehaha Pkwy
Minneapolis, MN 55419

W: (612)823-1098

Robert Schumaker
cobblers@netcom.com

Having just about finished a primitive "cyberspace for the masses", getting ready to try something new -- maybe even hacking hardware for a change.

The Hackers Conference 94.9997

Leo Schwab
ewhac@shell.portal.com
(Company: The 3DO Company)

H: (415)369-6544

Near-wizard-level programmer, creator, romantic, wild-eyed dreamer. Will architect and implement world-saving crusade for food.

Yuri Shakula
shakula@eworld.com
Apcom Ltd.
P.O. Box 162
Moscow 103055 RUSSIA

W: +7-095-978-96644

application
programming, localization, systems
analysis

Tsutomu Shimomura
F: (619)534-5152
tsutomu@ucsd.edu
UCSD
MS 0505
La Jolla, CA 92093-0505

W: (619)534-5050

Research physicist working on computational paradigms turned lobbyist for sane telecom policies, secure systems, and privacy. Still does research sometimes (really!).

Peter Shipley
F: (510)849-3421
shipley@dis.org
2341 Spaulding Ave.
Berkeley, CA 94703-1627

H: (510)849-2230

At the moment I have nothing to say. I have been doing Unix for around 10 years, system security for around 8, and around a million other things during and inbetween.

Andrew Singer
singer@interval.com
Interval Research Corp.
1801 C Page Mill Rd.
Palo Alto, CA 94304

W: (415)842-6025

Best known for programming environments at Think Technologies as co-designer of Lightspeed C (Think C) and MacPascal; an early HCI pioneer (1975); text database pioneer (1964) and co-author of programming adventures w/ Sherlock Holmes.

David Small
F: (303)791-0253
dsmall@well.com
DSSA
40 West Littleton Blvd. #210-211
Littleton, CO 80120

Currently Dave's biographical note is rolled out to disk, awaiting editing.

Alvy Ray Smith
